

COX TO SPEAK IN CENTER AND EAST

While Roosevelt Is Touring Western States, Then They'll Switch—White Heads Con.

(By Associated Press)
Columbus, O., July 21—The Central and Eastern states will comprise the initial speaking forum of Governor Cox, democratic presidential nominee, according to tentative plans announced today for the last three weeks in August.

A Western tour will be started in September, it was also announced. Vice Presidential nominee Roosevelt will also tour the West while Cox is in the East. Roosevelt will transfer his activities to the East while Cox goes West. Cox stated today he will begin work on his speech of acceptance next week.

Big Slush Fund

Columbus, O., July 21—Charges that the Republicans were raising a campaign fund sufficient to "stock the sensibilities" were made Tuesday night by Governor James M. Cox, the Democratic presidential candidate, in an address to the Democratic National Committee, which perfected organization for the campaign yesterday.

The Democratic Governor Cox declared, will insist upon continuance of the senatorial investigation of campaign contribution and expenditures, and also will make frequent and detailed accounts of their finances.

The Democratic platform, he declared, is "a promissory note" which will be paid in full. He closed his address with the prediction of a November victory.

In conformity with the recommendation of the subcommittee, the National Committee unanimously elected George H. White, of Marietta, Ohio, as its chairman.

Selection of Mr. White was forecast late Tuesday when he announced he had been elected as Ohio member of the committee to succeed Edmund H. Moore, of Youngstown.

Despite the request of Governor Cox, Moore earlier in the day refused to be considered for the post because of pressing personal business.

After a conference between Governor Cox, Franklin D. Roosevelt and Mr. White, it was announced that the tentative date for the notification of the presidential and vice presidential candidates, were Governor Cox, Saturday, August 7, at Trail's End, the governor's home, and Mr. Roosevelt Monday, August 9, at his home at Hyde Park, New York.

SHAMROCK WINS FOR IRELAND AGAIN

Sandy Hook, N. L., July 21—Shamrock IV, Sir Thomas Lipton's cup challenger, won Tuesday's race from Resolute by two minutes and twenty-six seconds, corrected official time. This allows for the time allowance which Shamrock is compelled to concede to Resolute and gives the Irish baronet two of the three victories necessary to lift the cup. To defeat him Resolute must win all three of the next races of the series. Official time at finish was: Shamrock, 5:38:40; Resolute, 5:48:11.

Kentuckian Possible

Next War Secretary
(By Associated Press)
Louisville, July 21—The Times in a Washington special today says T. Coleman DuPont, of Delaware, a native of Kentucky, is mentioned here as the possible choice for Secretary of War should Harding be elected President.

Columbus, O., July 21—In an effort to chalk up scores on the political diamond, the Cox-Roosevelt League of Professional Base Ball Players was incorporated here today, prominent base ball stars simultaneously sending Gov. James Cox, the democratic presidential candidate, a message of support.

The incorporators were Jake Daubert, Ivy Wingo, and Eddie Rousch, of the Cincinnati Reds; Walter J. Maranville, Boston National; Charles D. Stengel, Philadelphia Nationals; and Ivan B. Olson, Brooklyn Nationals. Mr. Daubert was chosen president, and each major league team is to be represented by a vice president.

Babe Gets His 32d Homer

New York, July 21—George "Babe" Ruth, crack batsman of the New York American League club, added another homer to his major league record Tuesday when he knocked out his 32nd home run of the season. The hit, obtained off Pitcher Faber in the first game fifth Chicago, landed the ball over the right field stand. There was no one on base.

WANT BURIAL LOT FOR J. BARLEYCORN

(By Associated Press)
Lincoln, Neb., July 21—Calling the thirteenth quadrennial convention of the Prohibition party to order here this morning, Virgil G. Hinshaw, chairman of the Prohibition national committee, told the delegates they had come together to "select a burial spot for John Barleycorn." The other political parties, he said, out of respect to John's relatives have voted that he shall lie in state for another four years to be viewed by the American people.

"The Democratic platform is silent, the Republican platform is silent," the Prohibition national chairman continued. "Harding owns brewery stock, he is not a prohibitionist at heart. Cox it vet. The future is before us, the campaign is upon us. We want to do the wisest thing, the best thing for the prohibition movement and for the country. It was our fervent wish that every political party would this year fall in line with the constitution of the United States, with the supreme court of the United States, and recognize openly and avowedly the settlement of the question. The other parties have failed. What shall we do?"

Prohi's Want Bryan

Hood River, Ore., July 21—If Wm. Jennings Bryan deems such a move desirable and he accepts the nomination for President on the Prohibition ticket, the Rev. William "Billy" Sunday declared today he stands ready to accept the nomination for Vice President.

A YOUTHFUL HERO

Bartlett, Texas, July 21—Texas has a hero in the person of Roy Kennedy, 11. And, due to Roy's courage, quick thinking and a red sweater, over 200 passengers on a Missouri and Texas train were snatched from almost certain death.

Discovering 600 feet of track washed out and sighting the "Katy" flyer approaching a mile away, the young hero "shed" the sweater and got busy. He brought the oncoming train to a stop just seven feet away from the danger spot.

The grateful passengers presented him with a purse of approximately \$5,000, and he has another thousand coming from the railroad company.

NEW WATER MAINS WILL REPLACE THE OLD ONES

New water mains are to replace the old one on Second street and the work of excavation for this purpose has been started. It will not require a great deal of time, it is said, for the change, and the new pipes will be laid within a few days. This will be the last work of this character in the city, it is believed, for some time and will be finished in time for the pavers to continue their work without interruption.

School Per Capita Is The Same As Last Year

According to announcement the school per capita this year will be \$6.10, the same as that of last year. The announcement was made by Superintendent of Public Instruction George Colvin, who said that in addition to the per capita the \$640,000 deficit in the school fund created last year would be liquidated. The per capita is based on a \$4,600,000 assessment of property.

Louisville, Ky., July 21—Judge Kirby, in Chancery Court today held the Louisville city ordinance imposing license tax of \$500 for each boxing exhibition held under the Perry-Bryson law, confiscatory.

TURKEY TO SIGN

(By Associated Press)
Constantinople, July 21—Turkey has decided to sign the peace treaty, it was officially announced today. The Turkish war office was advised today that the Greek army is entering Adrianople.

Shamrock Again Leads

(By Associated Press)
Sandy Hook, N. L., July 21—With two victories to her credit, Shamrock IV, led across the starting line in today's race for the American Cup, defended by the Resolute. Lipton's sloop needs but one more victory to lift the Cup.

With more than half of the course to the outer mark covered at 2 o'clock, it was estimated that the Resolute was leading by a quarter of a mile.

Bergdoll's Half Brother Surrenders Himself

(By Associated Press)
New York, July 21—Erwin Bergdoll, younger half brother of Grover Cleveland Bergdoll, today surrendered at Governor's Island. He had been sought on charges of draft evasion ever since his disappearance from his Philadelphia home two years ago.

With Bergdoll were Judge Roemig, of Philadelphia, a personal friend, who is himself under indictment in connection with Grover's escape from custody, and Charles Braun, Bergdoll's half brother. They declined to say where they had met young Bergdoll. Roemig said he was trying his best to locate Grover.

Succeeds Stone Walker

Frankfort, Ky., July 21—Banking Commissioner James F. Lewis has appointed R. H. Nunn, of Hiseville, state bank examining, effective September 1. Nunn will succeed Stone Walker, whose term of office expired July 1. He is a lawyer and cashier of the Hiseville bank.

NEW COMMITTEE OFFICERS

Columbus, O., July 21—The Democratic National Committee organized here last night as follows: Chairman, George White, of Ohio; vice chairman, I. Bruce Kremer, of Montana; Samuel B. Amidon, of Kansas; Miss Charles Williams, Tennessee; secretary, Edward Hoffman, of Indiana; treasurer, Wilbur Marsh, of Iowa; sergeant-at-arms, John J. Hughes, of Oklahoma.

TO THE DEMOCRATS OF MADISON COUNTY AND VOTERS OF 8TH CONGRESSIONAL DISTRICT

We, the undersigned soldiers and men who served in the United States Army, with Col. Frank L. Ripy, on the Mexican borders and in France, desire to state that Mr. Ripy was our Colonel.

We consider him to be an American of the highest type, a loyal citizen, a great soldier, a sober honorable gentleman, a kind officer, one who treated every mother's boy in a kind and fatherly-like manner. He is our friend and your friend, a man of the common people, the kind that has and will always make America safe for Democracy.

We, therefore, believe it to be our duty to recommend Col. Ripy to the Democratic voters of Madison county and the Eighth Congressional District, and ask them to vote for him for Representative to Congress. We know him to be capable and worthy of the office he seeks.

He resigned his position as County Attorney of Anderson county when war was declared and at a time when our Nation was in distress and went to its relief when he did not have to go. He followed the flag with us on the Mexican border, and from the United States to France, and stayed with us until the war was over, and victory declared, and we are with him until this election is over, and victory is his.

We believe if he is nominated as our candidate for Congress in the Eighth Congressional District that we will gain an old-fashioned Democratic majority in November, and Democracy will return to her own.

We, therefore, appeal to all the Democrats who want victory in November to go to the polls and vote for Col. Frank L. Ripy, in the Primary August 7, 1920.

CALL IS DECLINED

Although offered a more lucrative position in a larger city, the Rev. D. H. Matherly, pastor of the Second Christian church, has refused to leave the congregation in Richmond, deciding to stay here and assist with the work of rebuilding or remodeling the church, which movement has been under contemplation for some time.

The call to the local minister was from Spray, N. C., where Mr. Matherly happened to be called to deliver a sermon some time ago. He was so enthusiastically received that the call for his services soon followed him home.

The position, it was stated, would be held open for him, for some time, but it is his desire to remain here, since the campaign for funds for the change in the church has been under way for some time and considerable progress, it is reported, has been made.

BURGLARS AT PARIS

Paris, Ky., July 21—Goods amounting to about \$2,000 were secured by burglars who forced an entrance into the department store of Harry Simon, on Main street. The burglars took their time in working the store, and only the finest goods were taken, embracing silk dresses, skirts, waists, hosiery, etc. An automobile stolen on Saturday night is thought to have been used in carrying away the plunder.

Light Plant At Beach Will Operate Saturday

The electric light and power plant at Boonesboro has been all but completed and the lights will be turned on, it is said, for the first time Saturday afternoon. Lines have been strung to the cottages and all buildings and flood lights have been placed along the beach. This will be a great improvement, since it is expected the lights will also be extended to the numerous tents pitched there for the summer.

Hurst Lands Contract For High School Job

B. F. Hurst, of the Richmond Plumbing Company, was awarded the contract for installing the heating apparatus and repairing and improving the plant generally at the Richmond High School. The work will be under way within a short time, Mr. Hurst says, and will not interfere with the opening of school at the usual time, providing the material is procured in time. This will admit of other building and improvement work being begun soon, since it is the desire of the school board to have the work completed by the usual time for opening school.

KENTUCKIANS GO TO NOTIFY HARDING

(By Associated Press)
Columbus, O., July 21—The executive committee of the Republican National Committee arrived here today to discuss campaign plans before going to Marion tomorrow when Senator Harding will be notified of his nomination for the presidency. The executive committee includes Mrs. Christine Bradley South and A. T. Hert, of Kentucky. In advance of the meeting, National Chairman Hays said only campaign plans will be discussed. "Republicans everywhere are rarin' to go," he said.

RAILWAY WORKERS APPARENTLY PLEASED

(By Associated Press)
Chicago, July 21—Danger of an immediate strike of the country's railway workers, is apparently dissipated when two thousand representatives of the sixteen crafts, returned conferences here today to consider the six hundred million dollar wage increase granted by the Railway Labor Board. Disappointment over the amount of the award appears lessened, reports saying engineers and shopmen expressed themselves as favoring accepting the award.

Sisters Meet First Time In Thirty-five Years

Mrs. Sam McQueen, living near Clay's Ferry, came to Richmond Tuesday evening and met her sister, whom she had not seen in 35 years. The women recognized one another, although this was their first meeting since childhood. They retired to the J. Pearlman store, on First street, where there was a happy reunion of several relatives, both sisters being mothers and grandmothers since their last meeting.

MRS. SALLIE NEFF BADLY INJURED IN COVINGTON

Mrs. Sallie Neff, who until recently made her home here, but is now with her daughter, Mrs. L. P. Kash, in Covington had the misfortune to fall down a long flight of steps Sunday, from which she suffered serious injury. She sustained a deep gash in her head, which necessitated taking several stitches. Messrs. Coleman and Harvey Neff received information early Monday morning that their mother was doing well, and it was hoped nothing serious would follow. Mrs. Neff has a host of friends in Richmond who greatly regret to know of her accident and hope to hear of her complete recovery very soon.

Two Mercer Deaths

Harrodsburg, Ky., July 21—W. H. Terhune, 91, fell dead at his home about three miles from Harrodsburg Tuesday. He is a native of this county and was affectionately known to everyone as "Uncle Boley." He is survived by his wife and an adopted daughter, who is also a niece of Mrs. Bush W. Allen.

Mrs. Wood Voorhies, of Salvisa, 89 years old, died last night. Several days ago she rose from her chair to welcome a caller at her home, and fell, shattering her hip. The injury and shock of the fall proved fatal. She was a native of Woodford county, was Miss Jelf before her marriage. She is survived by two sisters, Miss Nettie Jelf and Mrs. Mangford, of Woodford county.

STRONG WARNING TO COAL PRODUCERS

(By Associated Press)
Washington, July 21—Vice President Morrow, of the National Coal Producers Association, today warned the bituminous coal operators that their failure to meet the urgent fuel needs of the country now would mean continuous government control of that industry. He urged immediate increased production and co-operation with the Interstate Commerce Commission, in getting coal moved to the northwest and New England. "Failure would justify federal control which would be fastened upon the coal industry permanently," Morrow said.

Morrow's figures showed the Northwest short five million tons of coal.

ESTIMATE OF ROAD FUND IS \$2,750,000

Joe S. Boggs, State Highway Engineer, estimates that the road fund for next year will amount to \$2,750,000, of which \$1,700,000 will be derived from the tax on motor horse power \$450,000 from the one cent a gallon gasoline tax and \$600,000 from the 3 cent road tax. These figures show that the motorists of the state will pay \$2,150,000 of the road fund, the remainder being derived from the ad valorem tax.

The plans of the Highway Commission for next year call for the maintenance of about 3,000 miles of the state highway system designated by the last session of the General Assembly. It will cost about \$1,000,000 a mile to maintain these roads. The states owes different counties several million dollars under the state road project so it will be seen that the Highway Commission will be handicapped for funds unless some further provision is made. The state had expected to derive something like \$2,000,000 annually from the tax on whisky imposed by the last General Assembly but an adverse decision in this matter will rob the state of many millions of dollars for road building and maintenance.

CLARK GETS TRADE

The fact that Clark county produce raisers are getting an immense business from Madison county, although having to pay ferry toll across the Kentucky river, is more noticeable every day, since the summer colony at Boonesboro Beach is transforming the place into a veritable summer city.

It is estimated that nearly 500 persons are camping or fishing there at present and they have been scouring the country for provisions. The residents of Clark county and especially Winchester soon learned of the new source of trade and have since been on the job with the result that they have virtually monopolized the business of furnishing supplies. New tents are going up daily and the population for the summer is increasing. Indications are that there will be a continuation of the increase, since applications for reservations continue to come in.

Famous Fox Hounds May Soon Be Matched Here

While Sir Thomas Lipton and the sports of America are having some fun with their little boats, there is liable to be a real big contest in this neck of the woods, if a certain challenge issued by the owner of some real fox hounds, is accepted by the owner of some alleged fox hounds in West Virginia. The proposition is to find out who has the best dogs, hunting qualifications to be imperative feature for consideration. Both contend they are in possession of the best dog flesh in this respect. It may be tried out in the near future.

BEAUTIFUL WORD PICTURE IS DRAWN

Prof. W. B. Ward, Noted Educator, Delivers Masterpiece at Normal School Tuesday

Prof. W. B. Ward, noted educator, who has applied himself so assiduously during the past ten years at teachers' institutes and Eastern Normal, defending the progressive principles gradually being evolved in this dawn of a new era, and whose brilliant lectures have so largely contributed to the success of the sessions, delivered Tuesday what is conceded to be a masterpiece in his word picture and interpretation of the subject, "Observations," a part of which was:

"It is not reborn that counts, but reaction. Things worth while are things that face us. I like to live in a house that faces south and east, for sunshine and good cheer. Which way does your subjective house face?"

"A girl is a better sweetheart, a better wife, a better mother and a more congenial companion if her house (subjective), faces south and east. She always looks for sunrise. Are you looking for sunrise or sunset? All great democracies face south and east. Germany's rivers flow north and northwest. She has been gazing at icebergs and a setting sun for 1,900 years. As a consequence, her sun has nearly set. Things worth while must go to the south—the greatest river on the face of the earth happens to flow south. It might have reached the ocean within a few miles had it chosen to flow north, but rather become icebergs and a useless stream; it took it chances on being lost on its way to sunshine and palms.

"In Kentucky, our horses must face the south and east. The sheriff cannot save or reform the I. W. W.'s or Bolsheviks, but the teacher can. If Kentucky is saved, Kentucky must be saved through schools and other institutions. Gazing at setting suns will not save us. Kentucky is largely rural, and there is where our men of vision, power and consecration should work. The cities will care for themselves. Out of rural Kentucky is coming our future leadership, philosophers, poets and statesmen. You ask me why? Only this: Somehow genius chooses to hatch her progeny out in the sticks and among the solitudes of rural life.

"Great men and great leaders do not grow in automobiles or beneath glittering glare of the Great White Way. Nature schools are best. It is from this university, reinforced by man's institutions that the beacon lights of civilization have come. It is from it they must continue to come; and finally, the secret of it all, is a happy soul and a receptive mind; and as the girl, who was to be married at 18, who was pretty and sweet and young, but when ready for her wedding received the sad news that her intended was dead, something snapped in her cultured brain that rendered her mind abnormal, but harmless, and she always thought that every day was her wedding day. Her parents, being sensible and sympathetic, kept her supplied with clothes in keeping with her notion that every day was her wedding day, and when 70 years had passed, she was as pretty and sweet as at 18, because of the fact that every day had been a wedding day and the years were not able to take hold of her features or sadden her heart. Let us all meet each day as we would meet our wedding day."

"PROF. WARD'S LECTURES

Prof. W. B. Ward, delivering a course of lectures at Eastern Normal, will conclude his work on Wednesday afternoon and take up educational work elsewhere, pending his return to his schools with the next three weeks. He is delivering two lectures daily and they are being greatly appreciated.

What About Wool Prices, Is Important Question

The sheep men face a critical time right now. When prices are high there is a rush to get in at high price, but let wool, lamb or mutton take a drop and the result is just as great in the other direction. At present the wool market is discouraging buyers talking lower priced wool. The demand for the coarser grades is slow the mills are not pushing for orders made from the lower grades of wool. The season's wool market has not yet opened and when trading finally gets started in a substantial way it may be that the prices will not be so discouraging after all.

Are Women

Naturally Despondent? A prominent writer so claims. Women are constituted with a delicate organism, and in nine cases out of ten mental depression may be attributed to an abnormal condition of the system, which expresses itself in nervousness, sleeplessness, backaches, headaches, causing constant misery and as a result deep despondency. Lydia E. Pinkham's Vegetable Compound, a simple remedy made from roots and herbs, is the one great remedy for this condition. It goes to the root of the trouble and overcomes despondency.

TO HELP SOLDIERS

A comparatively few ex-service men are making requests for service medals being distributed to all who took part in the late war, although there is but a short time now in which to register application, since it is desired to complete the task of acquainting the men with the government rules regarding this within the next week or two. According to the number of men from Richmond and Madison county, there have been few ask for the medals. These are to be made and distributed according to the service rendered by the men and are graded accordingly. They will be made when the time expires for the solicitation of names, and the number desired ascertained.

Summer Complaint in Children

There is not anything like so many deaths from this disease now as before Chamberlain's Colic and Diarrhoea Remedy came into such general use. When this remedy is given with careful care as directed and proper care is taken as to diet, it is safe to say that fully ninety-nine out of every hundred cases recover. Mr. W. G. Campbell, of Butler, Tenn., says, "I have used Chamberlain's Colic and Diarrhoea Remedy for summer complaint in children. It is far ahead of anything I have ever used for this purpose."

FORCED TO GIVE UP HER POSITION

Was Victim of Nervous Indigestion For Many Months Before Taking Tanlac

"If I should be asked to name the best medicine in the world," said Miss Hattie Weilmann, 2505 Micken avenue, Cincinnati, O., "I would not hesitate to say Tanlac, for it has not only relieved me of a case of nervous indigestion that kept me in misery for a year or more, but has built me up from 130 pounds to 152."

"I suffered such awful pains from indigestion and often became so nervous that I would just lie down and cry. I could not get any sound sleep at all, and no one will ever know how terribly I suffered. I was under treatment all the time, but got no relief until a friend of mine got me to try Tanlac, and after taking it for about two months I had realized a complete recovery. Before taking Tanlac I was compelled to give up my position down town. Now I am feeling fine, eat anything I want with never a touch of indigestion and sleep like a child every night. To say I am thankful to my friend who got me to try Tanlac, and to the people who made it, for the return of my health is putting it entirely too mild. I am more grateful than words can tell and earnestly recommend Tanlac to anyone suffering as I did."

Tanlac is sold in Richmond by Stockton and Son; in College Hill by Ginter Brothers; in Berea by Welch Department Stores.

WORK ON TWO BANKS IS GOING ON AT PRESENT

The work of finishing the extensive new vault at the Southern National Bank will soon be in evidence. The structure, which is one of the most modern in design, represents an outlay of several thousand dollars.

The work on the new building for the Citizens National Bank will be well under way within a week, it is believed, and this structure will mark a decided improvement in Richmond's business center. With work on two banks going on at the same time is indicative of a most satisfactory business, to say the least.

Medison Comes Forward With Some No. 1 Wheat

Threshing has been resumed again, having been held up by rain, and there is some No. 1 wheat coming to the local mills. This quality is something new for some parts of the county where it is reported, and is a surprise to many. The quantity is not great, however, what there is to be obtained, is greatly appreciated. The on this has not yet been set.

THREE DUAL ROLES IN "THE CHEATER" HERE NOW

Dual roles fall to the lot of each of three principal players in "The Cheater," the Screen Classics, Inc., production in which May Allison stars and which was adapted by Louis Zellner from "Judah," the notable stage play by Henry Arthur Jones. "The Cheater" will be the feature attraction at the local theatres today. The story shows the activities of a clever trio of pretended Hindu fakirs.

May Allison plays the girl who through the influence of her associates, sees only the wrong side of life. Living with her father in degrading surroundings, she smokes cigarettes, and reads trashy fiction. This is one role. Later she assumes the other role as the Hindu princess Vashti, in order to fleece people of money and jewels.

Frank Currier is her father, a grouchy sot who thinks of nothing but getting money for drink. When money is in sight, he disguises as a minister to assist his partners in graft.

POTT'S Gold Dust Flour makes better bread. Try and be convinced.

British peace proposals have been refused by Soviet government of Russia.

Loss of Appetite

As a general rule there is nothing serious about a loss of appetite, and if you skip a meal or eat only two meals a day for a few days you will soon have a relish for your meals when meal time comes. Bear in mind that at least five hours should always elapse between meals so as to give the food ample time to digest and the stomach a period of rest before the second meal is taken. Then if you eat more than you crave and take a reasonable amount of outdoor exercise every day you will not need to worry about your appetite. When the loss of appetite is caused by constipation, as often is the case, that should be corrected at once. A dose of Chamberlain's Tablets will do it.

Equip Your Small Car With Goodyear Tires

Goodyear Tires in the 30x3, 30x3½ and 31x4-inch sizes are manufactured with characteristic Goodyear care to build high relative value into every carcass and tread.

Last year more cars taking these sizes were factory-equipped with Goodyear Tires than with any other kind.

In order to make these tires widely available to users of such cars, we are operating the world's largest tire factory devoted to these sizes.

If you own a Ford, Chevrolet, Dort, Maxwell or other car requiring one of these sizes, go now to the nearest Goodyear Service Station Dealer for Goodyear Tires and Goodyear Heavy Tourist Tubes.

30 x 3½ Goodyear Double-Cure Fabric, All-Weather Tread \$23.50

30 x 3½ Goodyear Single-Cure Fabric, Anti-Skid Tread \$21.50

Goodyear Heavy Tourist Tubes cost no more than the price you are asked to pay for tubes of less merit—why risk costly casings when such sure protection is available? 30 x 3½ size \$4.50 in waterproof bag

HIS PANTS CAUGHT FIRE

Paris, Ky., July 21.—Persons passing the garage of R. C. Ruggles on Tuesday afternoon were moved first to sympathy, and then to the point of suppressed laughter when Ruggles' automobile caught fire.

Ruggles, aided by neighbors, fought hard to save his machine, but when he slipped and fell into a pool of gasoline his efforts were soon turned to saving himself. As Ruggles regained his feet the fear of his trousers were ignited by flames from the machine, whereupon he proceeded to exhibit a number of fantastic and vigorous, if not graceful, gymnastics. He was able to check the fire in his breeches only by sliding about half a block. In the meantime his automobile, as well as his trousers was destroyed.

RAMADAN IS OBSERVED

BY MUSLEMS AND OTHERS

Constantinople, July 21—Moslems have just been observing Ramadan, a month of trials to all classes, especially to laboring men, who are supposed to go without food, drink, and tobacco from sunrise to sundown. Turkish restaurants, are visited carefully by Mohammedan policemen, who are in trusted to arrest customers and owners alike if any of the followers of Allah violate the laws of the koran. Consequently, Christian restaurants, and especially those have private rooms, become very popular, with Mohammedans during the 28 days which are supposed to be given over to fasting and prayer.

WILL DEFEND POLAND IN CASE OF SERIOUS OUTBREAK

Paris, July 20—Reference to Lloyd George's ultimatum to Soviet Russia, if the ultimatum proposals are not accepted, Great Britain and the Allies would defend Poland with all their forces, and in every way. President Millerand told the Chamber of Deputies today France would keep her commitment in business man, Louisword as "I am sure Great Britain will defend Poland with all their forces, and in every way."

BEG PARDON, BUT WHAT IS YOUR AGE, PLEASE?

It is not generally known, however it is a fact, that young men who are not of age at the congressional primary held in August, but will become of legal age before the regular registration day or election day, may register their correct age, and will be entitled to vote at the congressional primary. Women of legal age will register later at the regular registration day later, and will be entitled to vote in the presidential election. It is expected that there will be a large percentage of the women of the city and county register and, furthermore, vote.

ATHLETIC WORK ENDS

Wednesday at Eastern Normal the athletic season for the regular term came to a close and the big class which has been so much in evidence throughout the summer was dismissed from further practice. There have been many original games introduced through Manager C. F. McCoy, of the athletic department. Volley ball and tennis, however, are the prevailing games, these being the favorites of all on the program. Volley ball was resumed here through the efforts of Manager McCoy, after having been given up for some time. The teaching of the games as a playground class attracted considerable attention from the fact that at times there would be more than 60 participants comprising teachers and students, both old and young. They have become well versed in the game and will instruct their scholars when taking up the teaching of schools. The work of Mr. McCoy has been extensively commended.

MOUNTAIN FOLK ARE INSTRUCTED

Regarding Thrift, Proper Mode of Living and Other Important Facts

The mountain people of Kentucky are to be shown ways and means whereby they can reduce the high cost of living, by the women's forces of the Department of Justice, and already trips into the rural regions have been made with interesting results. The work, which has been started in Bell, Whitley and Harlan counties, comprising a part of the Eleventh Congressional district, has already proved to be very beneficial, according to the reports being made. Some of the hill folk lack management, and it is one of the objects of the missionaries to teach better modes of living on the resources at hand.

It has been shown that in some localities, families numbering 16 persons, have borrowed money with which to go to a show and at the same time, be soliciting charity. Some of the miners have a practice of laying off, it is reported, on Wednesday of each week, whether or not they have any work to do. The gospel of the honest days work is being preached to many where it is found a luxury exists. The mountain people are eager to learn and apparently greatly appreciate the effort being put forth in their behalf.

Laurel and Rockcastle counties will receive visits next week upon the part of the workers who are looking after the interests of the residents whose advantages are said to be very few in some instances, and not taking cognizance of in others. Apathy upon the part of some render the work very difficult and sometimes discouraging, however, it will be kept up until satisfactory results are forthcoming.

Marguerite Clark, The Easily Recovered Bride

Losing his bride during the first hour of their honeymoon is the unhappy fate of the young husband in "Easy to Get," the new comedy photoplay starring Marguerite Clark, here Thursday. It's all the result of a rash remark that the recent groom made about all women being "easy to get." The bride, played by little Miss Clark, overhears and, resolved to teach hubby a lesson, slips off the "honeymoon express" into a nest of adventures. "Easy to Get" is one of the most entertaining pictures Miss Clark has had in a long time. She is ably supported by a cast headed by Harrison Ford and including Rodney LaRocque, Kid Broad and Helen Greene. Izola Forrester and Mann Page wrote the original story, which was dramatized by Julia Crawford Ivers.

REVIVAL AT MT. PLEASANT

The revival at Mt. Pleasant, which is being conducted by Rev. Cleo Purvis, pastor of the Christian church at Perryville, goes forward to the delight of all. Mr. Purvis is captivating the hearts of his hearers with his eloquence and soul-stirring messages. His sermon, "Why Peter Sank," was a great exhortation to "keep the faith" once delivered to the saints. He will speak on the following subjects during the meeting: "From the Prison to the throne," "A Good Man Unsaved," "What Would You Have Done?" "The Links of Life," "The Diamond of Destiny," "Pearls From Many Seas" and "The Condescension of Jesus." Everybody is invited to hear him. Services begin each evening at 8.

Summer Complaint Quickly Relieved

"About two years ago when suffering from a severe attack of summer complaint, I took Chamberlain's Colic and Diarrhoea Remedy and it relieved me almost instantly," writes Mrs. Henry Jewitt, Clark Mills, N. Y. This is an excellent remedy for colic and diarrhoea and should be kept at hand by every family.

PASSENGER TRAFFIC IS NOW GREATER THAN EVER

There is a heavier passenger traffic in and out of Richmond than for years and a situation that even the railway men do not understand at present. While there has been a noticeable increase in freight in this part of the state, the main line of the L. & N. railway is said to be doing the heaviest passenger business in years at the present time. While there are no special attractions now, the service is not falling off and it is apparently here permanently, so railway men think.
